

HP Compaq Tablet PC TC1100

Powerful Windows PC

The HP Compaq TC1100 is a full-function notebook PC delivering performance and compatibility in fast-paced business environments.

- Intel® processors, either the Mobile Intel Celeron™ 800 MHz or the Intel Pentium® M/Centrino® 1.0 GHz processor maximise performance and value. These high performance low voltage processors will handle your intense tasks while at your desk as well as providing an excellent balance of performance and battery life.
- Utilise the power of the Tablet PC designed with Microsoft® Windows® XP Tablet PC Edition. It is 100% Windows XP Pro compatible because it is Windows XP Pro with all the added Tablet PC software features.
- Excellent performance, large storage capacity, fast access to local files and applications.

Innovative design

The HP Compaq TC1100 is an innovative form factor offering mobility and versatility for business computing.

Versatility to meet changing needs and environments. In addition, the tablet provides warm swap battery support – simply swap low batteries with a fully charged battery while in stand-by mode.

- Removable keyboard provides the ability to change from tablet mode to notebook PC mode at the flip of a switch.
- Docking solution provides unprecedented desktop flexibility.
- Integrated wireless LAN maximises mobility in a business setting.

Effectiveness in a meeting

- Tablet mode excels in team collaborations, including taking on-screen notes, annotating documents with "digital ink" and viewing files or web pages.
- Communicate discreetly within or beyond a meeting room.
- Transition quickly and easily from a meeting room and back to office.
- Innovative, flexible docking system for direct use back at the desk.
- "Grab and Go" – no synchronisation required.

On the Road or at Home

- Attach the mobile keyboard and compose documents, emails or presentations.
- Mobile keyboard hides discreetly whilst writing by hand, or quickly swings into place for typing.

Simplicity of pen and paper

The HP Compaq Tablet PC TC1100 offers simplified computing by adding the convenience of handwriting.

Write the way you want to – naturally!

- Write and store information as "digital ink". It's just like paper, only better – and without the waste.
 - Accommodate your work style – in portrait or landscape.
 - Use ink-to-text utility with any Windows application.
- Mark up documents with handwritten comments;
- Annotate documents within applications supporting digital ink. Store and send annotations.
 - Take notes and view files or web pages.
 - Communicate quickly and discreetly with colleagues by using digital ink.

The ultra-mobile PC that adapts to the way you work.
