

# Accessories for HP Compaq 4200 series Notebook/Tablet PCs

## **Mobility life**

HP's family of professional grade accessories is thoughtfully designed with expandability, ease of use and reliability in a convenient business-essential mobile office. Together these key areas help form the basis to provide users the perfect desktop experience with better mobility by allowing them to quickly and easily access and use information where and when they need it.

## **Expandable office**

The HP docking stations and stands are designed for the mobile office professionals that demand desktop expandability and modularity from their notebooks. The smart, secure and flexible design lets you easily plug any module and transform the notebook into a full fledged desktop office. The right balance of key features including port replication, cable management, ergonomic stand design and enhanced security help you manage and protect your investment.

## **Mobility**

Use the compact HP External MultiBay II or the Integrated MultiBay II in the HP Advanced Docking Station to add an optical or a second hard-drive to allow easy access to your data wherever you may be. The convenient HP Secondary Travel Battery not only extends battery life by up to four hours, but also recharges quickly while the notebook is docked. And with the HP 90W Air/Auto/AC Combo adapter, you're guaranteed to have your notebook fully charged at all times. Work as if you've never left the office. The tc4200 Tablet PC also offers a digital eraser pen so you can write more like an actual pen.

## **Ease of use**

A series of easy-to-use and easy-to-manage products allow a true plug-n-play experience where everything works with everything. From a convenient one-hand operation to a unique Travel Battery design that allows simultaneous notebook docking, these solutions help improve the overall mobile experience.

## **Desktop Security**

Protect your notebook and other equipment from being stolen with the HP docking stations' integrated security mechanism. Just plug the HP cable lock into the dedicated slot and turn on the lock. The notebook and the integrated MultiBay II (HP Advanced Docking Station) are now secured<sup>1</sup>, therefore preventing your data from being compromised. The cable lock is also backward compatible with all current notebooks and accessories.

## **Why Buy?**

- x Enable desktop-like expansion from a notebook
- x Easy-to-use and easy-to-manage accessories
- x Industry-first modular design supports docking with the travel battery attached
- x Work smart with a family of reliable accessories that helps you increase productivity while lowering support costs

HP notebook PCs and accessories are backed by world-class global services and solutions to support your business and IT needs. HP and its value-added resellers and solution providers have the infrastructure and highly skilled professionals that can help you take your business to the next level.

<sup>1</sup> The purpose of security solutions is to act as a deterrent. These do not prevent the product from being stolen or mishandled.

Smart balance of mobility and expandability

# Accessories for HP Compaq 4200 series Notebook/Tablet PCs

## Docking Stations

### HP Docking Station Part Number: PA286A

Desk convenience with full port replication capability in a space-saving design (AC adapter included)

Easy docking system provides port replication and cable management in one product. 4 USB 2.0 ports, DVI and S-Video, Gigabit Ethernet and all Legacy ports

Optional integrated HP/Kensington Cable Lock allows you to secure your docking station and computer with one lock

### HP Advanced Docking Station Part Number: PA287A

Robust desktop replacement solution for your mobile office with advanced features like 6 USB ports, integrated MultiBay II and ExpressCard slot. (AC adapter included)

Easy docking system provides port replication, cable management and an extra expansion bay - all in one product

Optional integrated HP/Kensington Cable Lock allows you to secure your docking station, notebook and integrated MultiBay II with one lock

## Monitor Stands

### HP Adjustable Notebook Stand Part Number: PA508A

Notebook stand with one-hand adjustability eliminates the need for an external monitor

Adaptable design lets you connect either the HP Docking Station or the HP Advanced Docking Station.

Unique design raises your computer screen to an adjustable comfortable eye level.

Simple cable management channels on the back of the stand unclutter your desktop when connecting multiple devices

### HP Monitor Stand Part Number: PA507A

Compact design with support for up to 21-inch monitor (up to 100 lbs).

Convenient power button and light, AC power light, dock light and MultiBay II light (Advanced Docking Station only) on the stand replaces controls on the docking station.

Open-sided design allows easy access to frequently used bays, slots and ports on the docking station.
